Objective

Motivated Computer Science student with strong skills in Java development, OOP concepts, and database management. Seeking a Java Developer Intern position at Microsoft to contribute to innovative projects, gain industry experience, and learn from expert software engineers.

Education

B.Tech in Computer Science and Engineering
ABC Institute of Technology, Hyderabad
CGPA: 8.5/10 (2021 – 2025)

Technical Skills

- Programming: Java, Python, C, C++
- Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms
- Databases: MySQL, PostgreSQL
- Frameworks: Spring Boot (basic), Hibernate
- Tools: Git, Eclipse, IntelliJ IDEA, JUnit
- Other: SDLC, Agile Methodologies

Projects

Library Management System (2023)

Developed a Java-based system to manage library operations including book issue/return and student records.
Tools: Java, MySQL, Swing

Online Banking Application (2024)

Built a secure Java application with features like account management, fund transfer, and transaction history.
Tools: Java, JDBC, MySQL

Experience

Java Developer Intern (Summer Training) | DEF Tech Solutions | May 2023 – July 2023

- Assisted in developing modules for enterprise applications using Java.
- Wrote clean, testable code and collaborated on debugging tasks.
- Learned Agile practices and participated in daily standups.

Certifications

- Java Programming and Software Engineering Fundamentals (Coursera)
- Data Structures and Algorithms in Java (Udemy)
- SQL for Data Science (Coursera)

Achievements

- Secured 1st place in Coding Hackathon 2023 at ABC Institute.
- Contributed to open-source Java projects on GitHub with 100+ stars.
